Amy Venter

Front End Web Developer
Cape Town

Summary

I have built a variety of websites and web apps ranging from landing pages to full stack apps such as a online photo album app. I enjoy making applications that look good and function properly, creating a nice user experience. My tech stack includes:
• HTML
• CSS/SCSS
• JavaScript
• Node.js / Express
• React
• Firebase
• Git
• MongoDB
• Bootstrap
• Webpack

If you would like to see the source code to some of my projects, please visit this page:
